

Reduce Preoperative Anxiety, Pain Management, Distraction Therapy with Virtual Reality.

*Lili*VR

Solutions Overview Enhancing pediatric care with immersive, therapeutic VR experiences. Lili VR kits are simple, safe, and comforting.

Lili VR Kit: includes VR Headset, Lunch Case, String Backpack, Bandana, Earbuds USB-C. All VR content is always free.

Studio Bahia is a 501c3 nonprofit, our "Buy One, Give One" model means that for each sale of a Lili VR kit at \$45, we donate a Lili VR kit to hospitals in low income regions, foster care centers, and refugee camps. Lili VR represents more than just a product; it's our commitment to supporting and healing vulnerable communities worldwide.

Key Benefits: Improves treatment outcomes with engaging and soothing virtual realities.

Patients Feedback: "Absolutely Comforting", "Super Fun", "Simple", "Really Cool", "Pain Free", "Totally Distracted", "Super Calming"
